

The Britain's Most Admired Company Database

The Britain's Most Admired Companies archive includes the 398 companies covered in the research between 2009 and 2014.

Each one has been assessed alongside individual sector peers and competitors.

Note: the sectors are as defined by the Britain's Most Admired Companies study team.

Many companies appear every year but it isn't always the case. Companies have been added or removed for a variety of reasons including mergers and acquisitions, name changes, displacement etc.

The full listing and years for which the Most Admired research findings are available is summarised below.

Identify which companies you would like to have included and list them in your enquiry.

All companies	BMAC Sector	2009	2010	2011	2012	2013	2014
2 Sisters Food Group	Food Producers & Processors					Yes	Yes
